Utilizzo responsabile del rubinetto

Forse da meno tempo rispetto ad altri paesi nel mondo, anche in Italia una sempre crescente coscienza civica contribuisce a far raccogliere frutti in termini di comportamenti consapevoli verso la natura e ciò che essa ci offre. L'acqua, bene primario apparentemente inesauribile, è l'elemento con il quale ci si deve confrontare utilizzando un rubinetto ed importante è il suo utilizzo responsabile, che va ad aggiungere efficacia alle prestazioni innovative già sviluppate dal produttore.

Responsible use of the tap

Perhaps for less time than in other countries in the world, in Italy too a growing civic awareness is helping to reap rewards in terms of conscious behaviour towards nature and what it offers us. Water, a primary necessity which apparently we consider an unlimited resource, is the element we must deal with when turning on a tap or mixer. A responsible use of water contributes to improve the innovative performances already developed by the manufacturer.

Una responsabilità sociale

Gattoni Rubinetteria non si limita ad eccellere nella produzione di rubinetti di qualità: si impegna attivamente nella promozione di una sostenibilità integrale.
L'attenzione verso l'ambiente, l'uso responsabile delle risorse e la cura dei dettagli vanno di pari passo con l'impegno profuso per migliorare il benessere globale del territorio in cui opera.
Ritenendo che un'azienda debba avere una responsabilità sociale,
Gattoni Rubinetteria si fa portavoce di questi valori, lavorando ogni giorno per un futuro più prospero e sostenibile per tutti.

A social responsibility

Gattoni Rubinetteria goes beyond producing high-quality faucets: it actively commits to promoting comprehensive sustainability. Our care for the environment, responsible resource use, and attention to detail align with our efforts to enhance the overall well-being of the territory in which we operate. We believe a company should have social responsibility, and Gattoni Rubinetteria embodies these values, working daily for a more prosperous and sustainable future for all.

CURA DEL PRODOTTO
PRODUCT CARE

Caro Cliente,
grazie per aver scelto un prodotto originale Gattoni 100% Made in Italy realizzato con sistemi industriali di ultima generazione nel pieno rispetto delle più restrittive norme internazionali.

Finiture artigianali di alta qualità

Le finiture di **Gattoni Rubinetteria S.p.A.** sono il risultato di lavorazioni artigianali di alta qualità realizzate all'interno della nostra azienda con estrema cura ed attenzione. Eventuali differenze di spazzolatura, colore o tonalità non sono da considerarsi come difetti ma caratteristiche di unicità della lavorazione artigianale.

Istruzioni per la pulizia e la cura

Tutte le finiture devono essere quotidianamente e/o dopo ogni utilizzo pulite con acqua, sapone neutro liquido ed asciugate con un panno morbido al fine di evitare che le gocce d'acqua presenti sul prodotto provochino la formazione di depositi di calcare ed il danneggiamento irreparabile delle finiture.

Non utilizzare mai prodotti chimici ed anticalcare, alcool, detersivi, abrasivi, solventi, sostanze a base di acido muriatico, cloridrico, formico, fosforico, acetico, ammoniaca, acetone, candeggina, acidi di uso domestico, disinfettanti vari, pagliette e/o spugne abrasive, ruvide e/o metalliche che potrebbero rovinare irreparabilmente la finitura.

Evitare il contatto delle finiture con prodotti da toeletta o chimici, materiali per costruzioni edili (cemento, collanti, etc.), lubrificanti e sigillanti (colle, siliconi, ecc.).

Non installare mai i prodotti in locali non aerati con:

- elevate esalazioni di prodotti chimici in fase di asciugatura (colle, siliconi, ecc.),
- vapori di vario genere,
- atmosfera acida,
- esalazioni provenienti da sifoni scarichi,
- elevati valori di salinità nell'aria.

IMPORTANTE: l'assenza continuativa di adeguata manutenzione e pulizia quotidiana, l'utilizzo di prodotti non idonei per la pulizia ed il mancato rispetto delle suddette prescrizioni provocano il decadimento della garanzia sulle finiture.

Dear Customer,
hank you for choosing an original Gattoni product 100% Made in Italy made with the latest generation industrial systems in full compliance with the most restrictive international standards.

Handcraft high quality finishes

The Gattoni Rubinetteria S.p.A. finishes are the result of high quality handcraft made within our factory under high care and quality processes. Any difference in brushing, color or shades are not to be considered as defects, but a unique feature of the product.

Cleaning and care instructions

All the finishes must be cleaned daily and/or after every use only with water, natural liquid soap and dry with a soft cloth in order to avoid that the water drops present on the product cause the formation of limescale deposits and irreparably damage the product's surface.

Never use chemicals and anti-limescale products, alcohol, detergents, abrasives, solvents, acid substances (muriatic, hydrochloric, formic, phosphoric, acetic, etc.), ammoniac, acetone, bleach, household acids, several disinfectants, pads and/or abrasive, coarse and/or metallic sponges that could irreversibly damage the product's surface.

Avoid contact with personal care or chemical products, materials for building constructions (cement, adhesives, etc.), lubricants and sealants (glues, silicones, etc.).

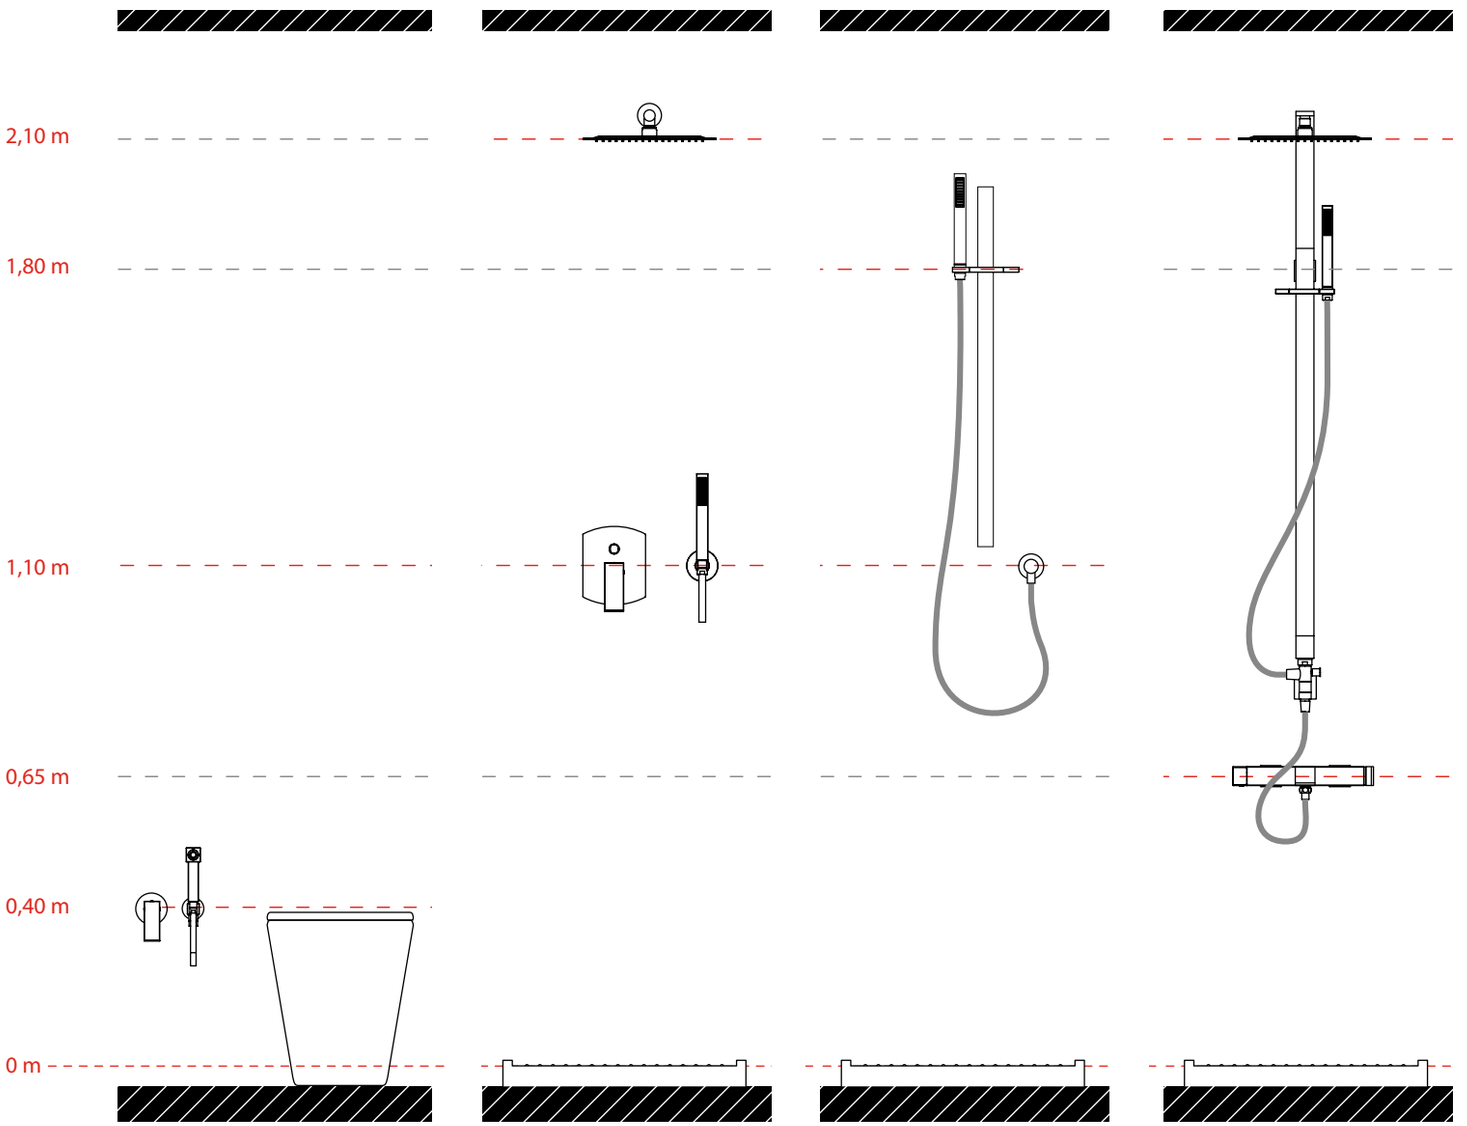

Avoid the product's installation in non-ventilated rooms with:

- high fumes of chemical products drying (glues, silicones, etc.)
- vapors of various kinds
- fumes coming from drained siphons
- acidic atmosphere
- high salinity values in the air

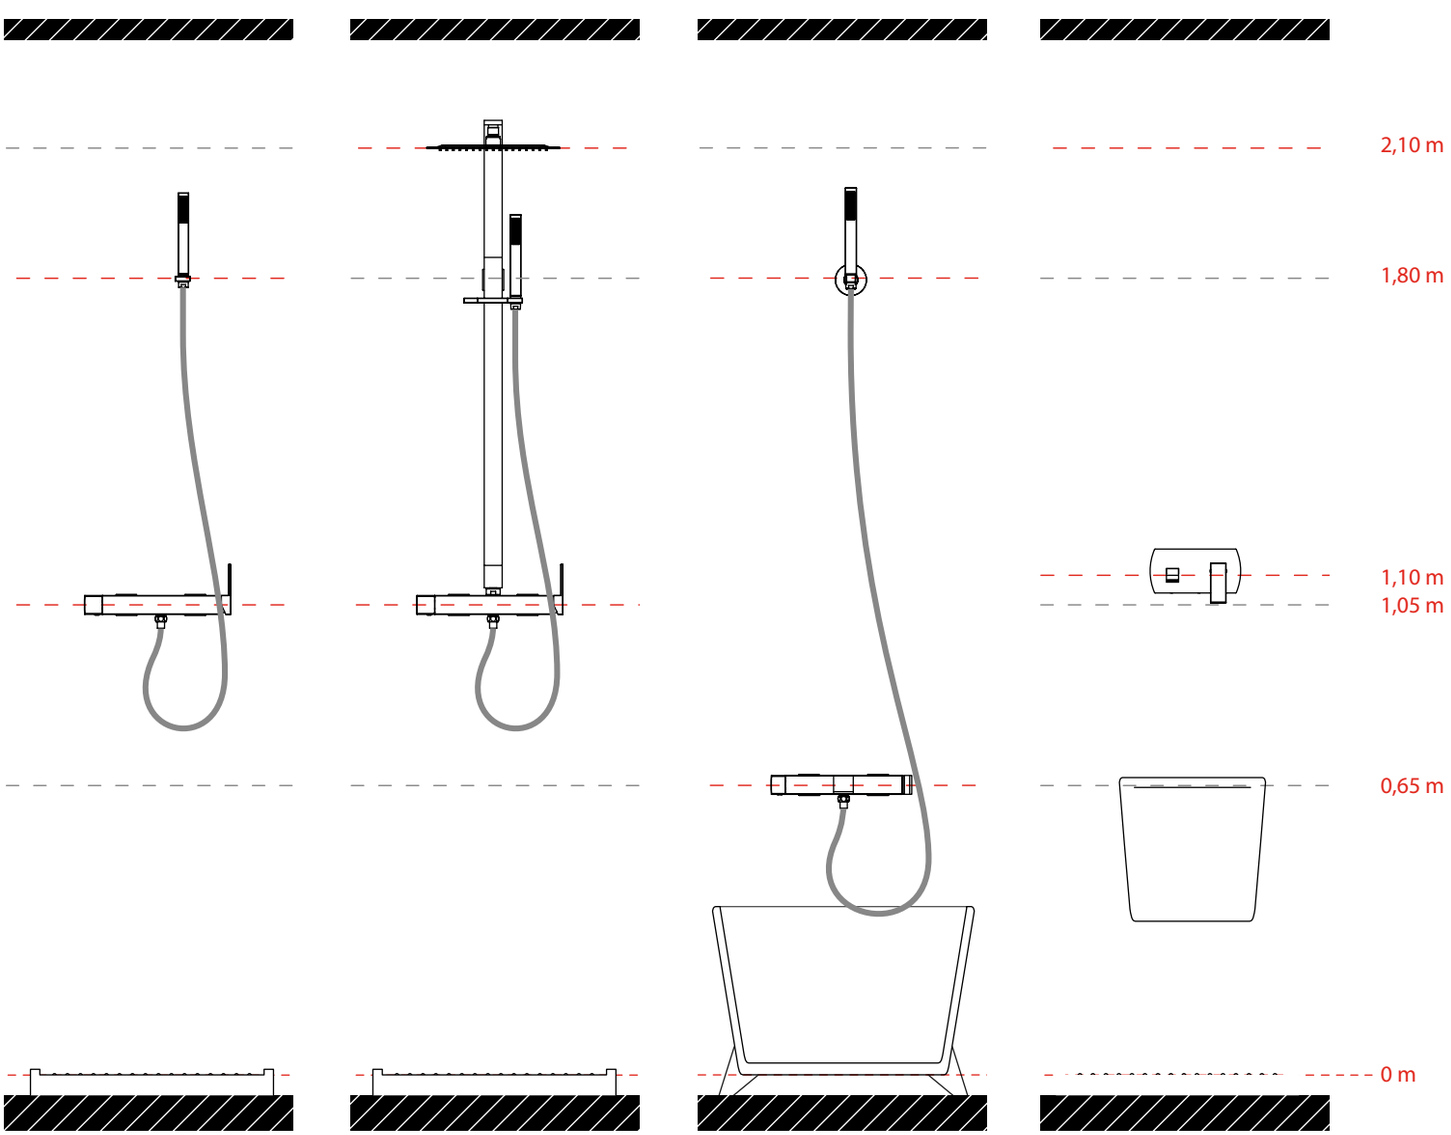

ATTENTION: maintenance and cleaning not made adequately and continuously, use of not recommended cleaning products and failure to comply with the above requirements voids the warranty on the finishes.

ELY

Ely nasce dall'obiettivo di avere una linea squadrata e morbida al tempo stesso: si distingue infatti per il corpo quadro, terminante con la caratteristica bocca curva, sormontato da una leva slanciata verso l'alto.
Ely was created with the aim of having a line that was both square and soft at the same time: it is distinguished by its square body, ending with the characteristic curved washbasin spout, topped by a slender upward lever.

CIRCLE TWO

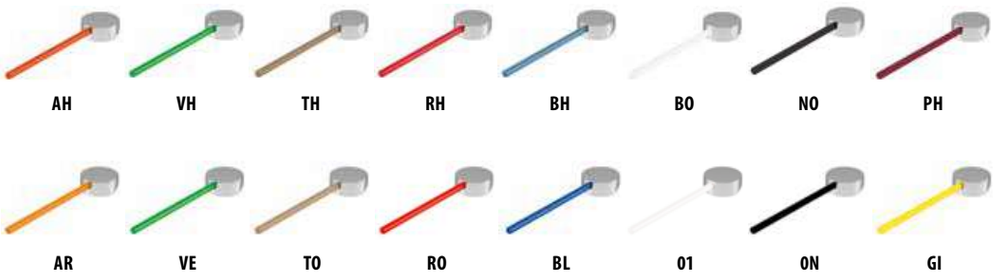

DESIGN MARCO PISATI
INSIDE TECHNOLOGY GATTONI

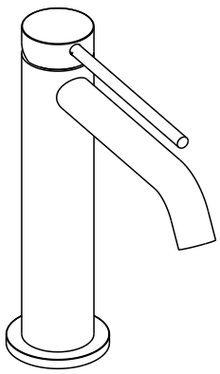

CIRCLE TWO

Dall'estro dell'architetto Marco Pisani nasce una linea contemporanea e di forte impatto estetico. Circle two si distingue per le proporzioni equilibrate, la caratteristica bocca all'ingiù e le leve colorate, che trasformano il bagno in uno spazio elegante, ma aperto alla sperimentazione.
From the inspiration of the architect Marco Pisani comes a contemporary line with a strong aesthetic impact. Circle two stands out for its balanced proportions, the characteristic downward spout and the colored levers, which transform the bathroom into an elegant space, but open to experimentation.

SOFFIO

DESIGN MARCO PISATI
INSIDE TECHNOLOGY GATTONI

UN SOFFIO DI NOVITÀ

A breath of innovation

SOFFIO

Soffio si ispira alla dinamicità del vento, con la forma ergonomica della leva trapezoidale proiettata verso l'alto, leggera e slanciata, come modellata dalle correnti d'aria. La leva è perfettamente armonizzata al corpo sottostante, di forma squadrata, con sfaccettature geometriche sulla superficie che ricordano le piante degli antichi battisteri fiorentini.

Soffio is inspired by the dynamism of the wind, with the ergonomic shape of the trapezoidal lever projected upwards, light and slender, as if modeled by air currents. The lever is perfectly harmonized with the underlying body, square in shape, with geometric facets on the surface that recall the plants of the ancient Florentine baptisteries.

GAS

GAS

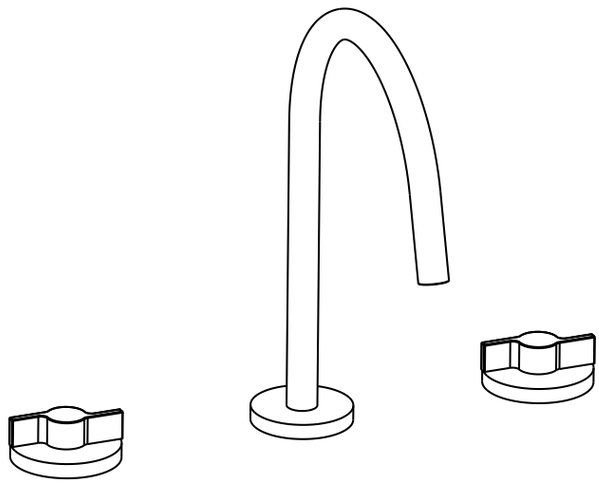

La serie GAS, allegra ed eclettica, rappresenta il racconto di una nuova eleganza industrial che nasce dall'accostamento bilanciato di finiture ricercate e suggestive. Il dettaglio delle maniglie, che richiamano le tipiche valvole a gas, rende questa serie inusuale e ironica, conferendole un'estetica originale e marcatamente moderna.
The GAS series, cheerful and eclectic, represents the story of a new industrial elegance that arises from the balanced combination of refined and suggestive finishes. The detail of the handles, which recall the typical gas valves, makes this series unusual and ironic, giving it an original and markedly modern aesthetic.

TRD

Di ispirazione classica e, allo stesso tempo, modernamente eclettica, TRD si adatta con discrezione agli ambienti più diversi. Le forme tondeggianti e sinuose ne fanno la scelta ideale per un bagno dal gusto retrò, ma si trova a suo agio anche nei contesti più contemporanei.

Of classical inspiration and, at the same time, modernly eclectic, TRD adapts discreetly to the most diverse environments. The rounded and sinuous shapes make it the ideal choice for a retro-style bathroom, but it is also at ease in more contemporary contexts.

NOTE

Condizioni di vendita

OFFERTE

Le offerte non impegnano il fornitore a definire il relativo contratto di fornitura.
I contratti conclusi dagli agenti o rappresentanti del fornitore non sono definitivi se non dopo essere stati regolarmente accettati dalla Ditta.

PREZZI E MODALITÀ DI PAGAMENTO

I prezzi non includono l'imposta sul valore aggiunto (IVA).
I costi d'imballo e trasporto non sono vincolati al contratto di fornitura ma sono soggetti agli eventuali aumenti che dovessero prima della spedizione.
Il pagamento delle fatture deve essere fatto nelle forme, modalità e termini in esse indicati; trascorsa la scadenza stabilita decorrerà, senza avviso alcuno, l'interesse in ragione del 5% annuo in più del tasso ufficiale di sconto vigente al momento della scadenza.
In caso di contestazione del cliente su di una fornitura riconosciuta ufficialmente dal fornitore, potrà essere data autorizzazione a modificare le suddette modalità di pagamento.
Il fornitore si riserva il diritto di sospendere le consegne in caso di mancato pagamento di precedenti forniture. Gli agenti e i rappresentanti non hanno autorità di riscuotere crediti salvo esplicita autorizzazione del fornitore.

VARIAZIONE PREZZI

Le offerte e conferme sono fatte con riserva di insindacabile revisione prezzi da parte del fornitore; in relazione all'eventuale aumentato costo dei materiali e/o manodopera senza obbligo di darne giustificazione o dimostrazione dei relativi conteggi.

CONSEGNE

Il termine di consegna non costituisce elemento essenziale del contratto di fornitura; difficoltà di consegna, dovute a gravi motivi imprevisti all'atto della conferma, autorizzano il fornitore alla risoluzione del contratto senza responsabilità di nessun genere. La data di consegna indicata nelle conferme si riferisce alla decade in cui la merce è pronta a magazzino per la spedizione.
Il fornitore si riserva il diritto di effettuare la consegna di un ordine in una o più spedizioni. Nei casi di pagamento anticipato o mediante lettera di credito o licenza di importazione, non verrà effettuata alcuna consegna prima del ricevimento del pagamento o dei documenti relativi alle succitate operazioni.
Illustrazioni, dimensioni, indicazioni di peso o altri riferimenti presenti nel catalogo non sono vincolanti. Il fornitore si riserva il diritto di apportare eventuali variazioni alla produzione che comunque non ne diminuiranno la validità e la qualità.
Tutte le consegne sono rese franco stabilimento del venditore e viaggiano ad ogni effetto a rischio e pericolo dell'acquirente anche se la resa è stabilita franco destino e il trasporto eseguito con automezzi del fornitore.

RECLAMI

Tutti i reclami riguardanti la merce, ivi compresi quelli relativi al numero, difetti e difformità, devono essere fatti per iscritto ed a pena di decadenza entro 3 giorni dal ricevimento della merce.

GARANZIA

Tutta la nostra rubinetteria è garantita 5 anni dalla data di installazione, relativamente al funzionamento tecnico del prodotto ed unicamente alla sola finitura cromata. Tutte le altre finiture non sono garantite in quanto esse stesse sono subordinate alla cura ed alla delicatezza dell'uso da parte dell'utente. Conseguente alla disposizione CEE n. 85/374 del 25/07/85 relativa alla "RESPONSABILITÀ DEL PRODUTTORE" resta di nostra competenza, nei limiti sotto indicati, la responsabilità per i danni derivanti esclusivamente da difetti di produzione. Sono pertanto esclusi i danni conseguenti a difetto di installazione per imperizia o inosservanza alle istruzioni d'uso. L'indennizzo per i danni riconducibili alla nostra responsabilità consisterà nella sostituzione gratuita pura e semplice del pezzo giudicato difettoso e nel rimborso, al solo utente finale, dei danni compatibili con la tipologia d'uso del prodotto, sempre se ritenuti tali mediante insindacabile perizia della nostra Compagnia Assicuratrice.
Restano comunque escluse da ogni risarcimento le spese, di qualsiasi genere esse siano, dirette o indirette sostenute dai nostri clienti rivenditori e/o installatori, per viaggi, sopralluoghi, smontaggi, resi di materiale, etc.

EFFETTI LEGALI

Qualsiasi condizione indicata dal compratore in contrasto con quelle indicate nel contratto di fornitura non avrà valore.
Per qualsiasi omissione di condizioni si farà riferimento al Codice Civile Italiano.
La nullità di una condizione del contratto di fornitura non toglierà validità alle altre condizioni.
Per qualsiasi vertenza o contestazione l'unica e competente autorità giudiziaria è quella di Verbania.
